Personalized Lifestyle Medicine Institute

www.plminstitute.org

A new nonprofit organization founded by Jeffrey Bland, PhD, that is dedicated to transforming health care through personalized lifestyle medicine.

Our website is a free, fact-based source of information on important health topics featuring content contributed from more than 80 expert bloggers and thought leaders.

Why PLMI, Why Now?

- ⦿ Unless current health trends are reversed, management of chronic disease is predicted to cost the world \$47 trillion dollars in treatment and lost wages by the year 2030.*
- ⦿ "The Health Age" is upon us, driven by health-conscious consumers demanding change and empowerment.
- ⦿ Personalized lifestyle medicine will globally transform health care. We are a dynamic and continuously evolving forum for exploring new insights into disease prevention and management.

Join Us in Transforming Health Care

"We need enlightened individuals to join us and accelerate the change needed to transform health care. Be part of what we are doing."

Jeffrey Bland, PhD

Blog • Write • Speak • Connect • Donate
